OBJECTIVE

Computer Science student with strong foundations in Data Structures, Python, Machine Learning, and Web Development seeking an internship to build scalable software systems, develop AI-driven applications, and gain real-world industry experience.

SKILLS

- **Programming:** Python, Java, C, C++
- **Machine Learning:** PyTorch, Neural Networks, Transfer Learning, EDA, Feature Engineering, Predictive Modeling
- **Libraries:** Pandas, NumPy, Scikit-learn, Matplotlib, Gradio, Torchvision
- **Web / Database:** HTML, CSS, JavaScript, SQL
- **AI:** Generative AI, Prompt Engineering, Large Language Models (LLMs), AI Workflows

PROJECTS

OpenCodeReview AI-Powered Automated Code Review System

- Built automated pull request analysis using LLMs to detect syntax errors, security vulnerabilities, and code quality issues
- Integrated Model Context Protocol (MCP) to provide repository context for accurate code suggestions
- Containerized the application using Docker for consistent deployment across environments

Self-Healing MLOps Pipeline for Healthcare Diagnostics

- Developed an autonomous self-healing MLOps pipeline for chest X-ray diagnosis using five LangChain AI agents to monitor, retrain, and redeploy models without human intervention
- Trained a ResNet18 CNN in PyTorch achieving 93.2
- Built a HIPAA-compliant DICOM ingestion pipeline with PHI de-identification, Airflow-based retraining workflows, BentoML deployment, and real-time monitoring using Prometheus and Grafana

AI Mock Interview System

- Built AI interview simulator generating role-based interview questions using LLMs
- Implemented automated answer evaluation reducing feedback time by 60%
- Developed workflow integrating resume analysis with interview simulation

EDUCATION

B.Tech in Computer Science and Engineering (Data Science)

2023 – 2027

SRM Institute of Science and Technology

CGPA: 7.9

Relevant Coursework: Data Structures, Algorithms, Database Management Systems, Machine Learning, Operating Systems

CERTIFICATIONS

- AI Workflows & Automation Workshop NxtWave Academy
- AWS Educate Introduction to Generative AI
- Google Play Academy App Listing Certificate
- NxtWave CCBP 4.0 MCP Project

LANGUAGES

English, Malayalam, Tamil, Hindi
